Outline of Post

Turning Lives Around is part of a consortium delivering the Our Way Leeds service; a housing related support service for vulnerable young people, aged 16-25, including those leaving care who are moving into independent living for the first time. The service is regulated by Ofsted. The consortium has GIPSIL as the lead provider, alongside Turning Lives Around and Foundation.

Support workers work under the guidance of the Registered Service Manager and team leaders within Ofsted's regulatory framework, to support young people's individual needs, maximise independence and work towards successful move-on into independent living.

This post is for a Housing Support Worker in the Core & Cluster service, consisting of a four-bed shared property with a staff office on site, and 11 units in the nearby community.

The role of Housing Support Worker is key to providing high-quality support for our young people and ensuring that risk and safeguarding issues are addressed.

Housing Support Workers carry a 'case load' of young people and provide regular 1 to 1 support in young people's homes and within the community up to three times a week.

One of the key principles of service delivery and Ofsted regulation is that the voice of young people is central to the planning and delivery of effective support.

The Core & Cluster service operates 24 hours a day, 7 days a week. An example of the rota for the housing support worker post can be found below. The shift pattern includes bank holidays:

E= 7:30am – 3:30pm
